

MEDITERRANEAN

The Mediterranean family draws inspiration from the culinary traditions of southern Europe, recast in the spirit of the California Riviera. The dough is irrigated by extra-virgin olive oil, extending the aromatic range of the breads, which unexpectedly combine nutty, fruity and savory flavors. The Tuscan is BREADBAR's interpretation of the classic Italian ciabatta, and with tomatoes and mozzarella, it becomes the San Remo. Delicious on its own, the Mediterranean family matches well with salads, goat cheeses, simple fish dishes, and even lamb and pork roasts.
